### *Agricultural and Biological Sciences*

<b>Selection and identification of lactic acid bacteria that inhibit yeast contaminants isolated from fermented plant beverages</b> Prachyakij, P., Schnürer, J., Chareunjiratrakul, W. and Kantachote, D. ....	211
<b>Somaclonal variation in tissue culture of banana cv. 'Kluai Num Wa' [<i>Musa</i> (ABB group)]</b> Boonmee, O. and Te-chato, S. ....	219
<b>Effect of antibiotics selection on survival rate of nodal explant and gene transformation in <i>Anthurium andraeanum</i> cv. Sonate</b> Jantanawan, K. and Te-chato, S. ....	229
<b>Plantlet regeneration and somaclonal variation in <i>Anthurium</i> cv. Sultan through embryogenesis</b> Sontikul, Y. and Te-chato, S. ....	237
<b>Bacterial community from gut of white shrimp, <i>Penaeus vannamei</i>, cultured in earthen ponds</b> U-taynapun, K., Viriyapongsutee, B., Intrasungkha, N. and Supamattaya, K. ....	247
<b>Optimization of lipase entrapment in alginate gel bead for palm olein hydrolysis</b> Jeamjounkhaw, P., H-Kittikun, A. and Cheirsilp, B. ....	261
<b>Selection of probiotic lactic acid bacteria able to inhibit <math>\beta</math>-hemolytic <i>Escherichia coli</i> isolated from diarrheal piglets</b> Malawach, T., Kantachote, D. and Chareunjiratrakul, W. ....	269
<b>Effects of sodium chloried (NaCl) and nucleic acid containing by-products supplementation on nutrient digestibility and nitrogen balance of southern native male cattle</b> Seangkong, W., Ngampongsai, W. and Kuprasert, S. ....	281
<b>The effects of herbal formula PROVE 1, antibiotic and protein levels on growth performance of growing pigs</b> Kittiwat, A., Siriwathananukul, Y. and Ngampongsai, W. ....	291
<b>The effect of herbal formula PROVE 1 and Stevia levels in diets on diet utilization of growing pigs</b> Malithod, S., Siriwathananukul, Y. and Kooprasert, S. ....	301

## Vol. 29 (Suppl.2): Grad. Res.

### *Engineering and Industrial Research*

- Effect of organic loading rate on methane and volatile fatty acids productions from anaerobic treatment of palm oil mill effluent in UASB and UFAF reactors**  
Chaisri, R., Boonsawang, P., Prasertsan, P. and Chaiprapat, S. ....311
- Thermo-physical properties and effect of electrical field on drying process of paddy**  
Tirawanichakul, S., Tasara, J., and Tirawanichakul, Y. .... 325
- Parameters for the analysis of natural rubber drying**  
Tirawanichakul, S., Sanai, S., Sangwichien, C. and Tirawanichakul, Y. ....335
- Moisture removal of paddy by agricultural residues: basic physical parameters and drying kinetics modeling**  
Tirawanichakul, Y., Tirawanichakul, S. and Saniso, E. ....347
- Electrical discharges of plasma ozonizer and its application**  
Tirawanichakul, Y., Chankuson, P. and Tirawanichakul, S. ....365
- High power factor single-stage electronic ballast for 400W metal halide lamp**  
Sridech, C., Yungyuen, U. and Boonyaroonate, I. ....379
- Measurement of the thermal conductivity of construction materials using a thin film probe**  
Boonkerdrattanasakul, T., Pratinthong, N. and Kasayapanand, N. ....391

### *Environment and Natural Resources*

- Arsenic adsorption of lateritic soil, limestone powder, lime and fly ash on arsenic-contaminated soil**  
Wnthiphun, L., Towatana, P., Arrykul, S. and Chongsuvivatwong, V. ....401

### *Physical Sciences and Mathemaics*

- Theory and measurements for 0-3 BaTiO<sub>3</sub>/PVDF composites**  
Hajeesaeh,S., Muensit,S. ....413
